Woofles of Wisdom and Other Fun Stuff

2010 Issue Three

## Letter from Lucy

Happy Holiday Season.

Hope you are happy and well. I always seem to start out by telling you how busy we've been and that hasn't changed. We currently have 65 hounds waiting for forever families. While I was writing this three more came in. And about 35...make that 38... of them need foster homes.

There has been a big change in my life. Margaret & Carol Ann invited me to come and stay with them and their group of senior girl hounds. I sure

hated to leave my Auntie Carol, but there are so many young ones staying there that it makes it hard for us older hounds to get enough naps...ha ha.

I truly wish there were more folks willing to take in a senior or two. We require so very little. Food, water, a soft place to sleep when your laps aren't around and the occasional belly rub.

We have a couple new programs we're developing and you can read about them in this letter. More fun ways you can help!

Hope you enjoy this Rolling Bone and that you have a safe and happy holiday season. Thanks for all your help this past year. We all really appreciate you all!

Love, Lucy

## Help Them Find Their Forever Family

**UFBH** is looking for volunteers to take a hound for a walk. We have found the best way to find foster and adoptive families is to have them actually meet the hounds.

You pick up a basset and take him/her to a local park or wherever you like to walk.

The dogs are thrilled to get some exercise and attention, and you have fun showing them off. You will also help us get some insight into their personality and behaviors. If you live in an apartment or cannot foster, this is a great way to get some quality hound time in.

Call Sheri at 801-953-5020 for details and to volunteer.

# Forever Fosters

Daisy Mae is but one of our happy seniors.

Have some room on a couch for another smiling face?

UFBH is proud to tell you about our Forever Foster Program. Special needs bassetts and some of the older dogs (over eight years) are eligible.

The basset remains with you always as a permanent foster, but UFBH is responsible for vet care costs. We can also provide other things for these special hounds: doggie day care at Old Farm, food, help with nail trims, transport to the vet, etc.

If you have been thinking about fostering, but hate to see the dog leave---this is an incredible option to provide forever care for a senior. Help make their golden years the very best years!

If you or someone you know would like to participate, please contact Carol at 801-631-2938.

We do require fenced yards and will make an exception only under very special circumstances.

*Is your Hound getting his Heart Guard every month?  
Are your Bassett(s) vaccinations up to date?*

Anonymous donors are matching dollars for all donations received in December up to a total of \$1,800,001. This generous offer gives the bassets TWICE what you donate to help pay for vet bills, boarding, food, and other expenses. Your donations will go twice as far! Get one more tax write off before the end of 2010.
